

"If I die before my time, it'll probably be because you killed me."

"Probably."

"I'll try not to take it personally."

"Won't you? You should. *I* would, if you killed me."

"Yes, but you take everything personally."

"And anyway, if one of us has to kill the other one, you deserve it more."

"Besides which, I'd just come back and haunt you till you go mad."

"I don't believe in ghosts."

"Which will make my presence all the more maddening, won't it?"

"I'll kill you."

"Go for it."
